RE: Emergency Order OGC10-0094

Dear Mr. John Brown:

This letter is following up on the Emergency Order the Department issued on May 4, 2010 in regard to the water supply emergency in middle Tennessee. We are happy to inform you that the circumstances that existed at the time we issued that Emergency Order have changed enough so that we can now lift the Order as it applies to your system.

If you have any further questions, please contact me at 532-0766 or Sherwin Smith at 532-0168

Sincerely,

A handwritten signature in black ink, appearing to read "Alan Schwendimann". The signature is fluid and cursive, with a prominent initial "A".

Alan Schwendimann
Director
Division of Water Supply
